# A Project Report On
## "COURIER MANAGEMENT"

## Submitted By:

**Dasari Mohith Reddy**

Roll No: 77

CBSE ROLL NO:

Class: XII C

## Under the Guidance of

Mr. Anoop V S

PGT (Computer Science)

Department of Computer Science

**SAINIK SCHOOL KALIKIRI**

## Department of Computer Science

# SAINIK SCHOOL KALIKIRI

This is to certify that **Cdt. Dasari Mohith Reddy,** Roll No. 77 of Class XII has prepared the report on the Project entitled **"COURIER MANAGEMENT".** The report is the result of his efforts & endeavors. The report is found worthy of acceptance as final project report for the subject Computer Science of Class XII.

Signature                                                                                Signature

(Internal Examiner)                                                          (External Examiner)

# DECLARATION

I hereby declare that the project work entitled **"COURIER MANAGEMENT"**, submitted to Department of **Computer Science,** SAINIK SCHOOL KALIKIRI is **prepared by me.** All the **coding** is the result of my **personal efforts.**

Cdt. Dasari Mohith Reddy
Roll No: 77
Class: XII C
SAINIK SCHOOL KALIKIRI

# ACKNOWLEDGEMENT

I would like to express a deep sense of thanks & gratitude to my **project guide Mr. Anoop V S** Sir for guiding me immensely through the course of the project. He always evinced keen interest in my work. His constructive advice & **constant motivation** have been responsible for the **successful** completion of this project.

My sincere thanks go to **Lt Col Susheel Kumar Mahapatro SM ,** our **Offg Principal** sir, for his co-ordination in extending every **possible support** for the completion of this project.

I also thanks to my **parents** for their **motivation & support**. I must thanks to my **classmates** for their timely help & support for **compilation** of this **project**.

**Last but not the least, I would like to thank all those who had helped directly or indirectly towards the completion of this project.**

Cdt. Dasari Mohith Reddy
Roll No: 77

# CONTENTS

# 1. WORKING DESCRIPTION
## This program is created using python and mysql
## 1.run table.py file to create tables in database
## 2.run main.py to execute main program

# 2. Code of the Project

**Note :** There are 5 Python files in this project.

## Main.py

```python
import mysql.connector as  sql
conn=sql.connect(host= 'localhost' ,user= 'root' ,passwd= 'student',
database='project' )
cust1=conn.cursor()

print('WELCOME TO COURIER SERVICE:')
print("Hi")
o=input('Press enter to begin your courier surfing')
print('1.CREATE YOUR COURIER SERVICE ACCOUNT')
print('2.LOGIN')
print('3.UPDATE PROFILE')
choose=int(input('ENTER (1) FOR NEW ACCOUNT OR (2) FOR LOGIN OR (3) FOR UPDATE:'))
if choose==1:
    name=input('Enter your user-name:')
    passwd=input('Set your password here:')
    passwd1=input('Confirm password:')
    cust1.execute("INSERT INTO user VALUES(' "+name+" ',' "+passwd+" ')")
    conn.commit()
    print('ACCOUNT CREATED CONGRATULATIONS')
    move_in=input('press enter to login:')
    import B_COURIER_MENU
elif choose==2:
    user=input('Enter your username')
    passd=input('Enter your PASSWORD:')
    cust1.execute('select * from user where user_name = " '+user+' " and password =
" '+passd+' " ')
    if cust1.fetchone() is None:
        print('sorry your password in wrong')
```

```
    else:
        import B_COURIER_MENU

elif choose==3:
    name1=input("Enter your existing user name:")
    passwd2=input('Enter your old password :')
    cust1.execute('select * from user where user_name = " '+name1+' " and password =
" '+passwd2+' " ')
    data = cust1.fetchone()
    if name1 == data[0].strip() and passwd2 == data[1].strip():
        password = input("Enter your new password:")
        password1 = input("Confirm your new password:")
        if password == password1:
            Query = f"update user set password ='{password1}'where
user_name='{data[0]}'"
            cust1.execute(Query)
            conn.commit()
            print("Password Successfully changed")
```
